Email

This Service Agreement (the “Agreement”) is between Cavnar AI LLC (“Cavnar AI”) and the Client named above, and takes effect on the date the setup fee is paid. It must be signed before setup begins.

1 Services

Cavnar AI provides its restaurant intelligence platform, delivered through dashboard.cavnar.ai and the Cavnar AI iOS app, made up of the modules selected below. Every module includes the daily Home brief, the weekly digest email, alerts, and Ask Cavnar, which answers questions from the Client’s own data.

Modules included

- **Review Intelligence** — Google review monitoring, replies drafted in the restaurant’s voice for one-click approval, sentiment and topic trends, urgent-review alerts, competitor rating tracking.
- **Labor Optimizer** — labor cost against the Client’s own target by day, shift and role; overtime and overstaffing alerts; schedules built from sales patterns and staff availability.
- **Food Cost Control** — POS-synced inventory and waste tracking, supplier price-creep alerts, suggested order quantities, menu margin reads.
- **Marketing Autopilot** — social, SMS and email content written in the restaurant’s voice and scheduled from one place, a guest text club, and performance tracking.

Modules can be added later by written agreement (email is sufficient) at the then-current published price. Cavnar AI connects to the Client’s systems — Google Business Profile, point of sale, social accounts — only with the Client’s authorization and only to provide these services. Nothing Cavnar AI drafts is published, sent or scheduled without the Client’s approval.

2 Fees and billing

Setup fee, one-time. Charged at checkout through the Stripe payment link, before setup begins. Not refundable once setup has started.

Setup fee (one-time)

due at checkout

Retainer. The Client chooses one of the two options at checkout. Either way the retainer begins 30 days after the setup fee is paid and is billed automatically through Stripe on that date and on each renewal after it.

Monthly retainer

from day 31, then monthly

Annual retainer

from day 31, then yearly

Two months free compared with paying monthly.

Published pricing for reference: one module \$750 setup and \$349 a month or \$3,490 a year; all four \$3,000 setup and \$1,199 a month or \$11,990 a year.

3 Term and cancellation

This Agreement begins on the date the setup fee is paid.

- **Monthly** — continues month to month. Either party may cancel with 30 days' written notice by email. Access continues through the end of the period already paid for. No cancellation fee.
- **Annual** — runs for twelve months from the first retainer charge and renews for a further twelve months unless either party gives 30 days' written notice before the renewal date. A prepaid annual period is not refundable.

If a payment fails and is not resolved within ten days of notice, Cavnar AI may suspend the service until it is. Setup fees are not refundable.

4 Responsibilities

THE CLIENT AGREES TO

- Provide accurate business information and keep it current.
- Review AI-drafted content before it is published.
- Keep a valid payment method on file.
- Keep dashboard and app credentials private.

CAVNAR AI AGREES TO

- Build and configure the selected modules within 24 hours of setup payment clearing.
- Keep the service available to the best of its ability and say so when it is not.
- Respond to support requests within one business day.
- Keep all Client data strictly confidential.

5 Data, confidentiality and liability

All Client data remains the property of the Client. Cavnar AI will not sell, share or use Client data for any purpose other than providing the services in this Agreement, and retains it for the life of the account plus thirty days, after which it is deleted on request. Cavnar AI uses third-party AI models to draft content and analysis; all AI-generated content and recommendations should be reviewed before use, and Cavnar AI is not liable for decisions made on the basis of them. Cavnar AI's total liability under this Agreement is limited to the fees paid by the Client in the thirty days before the claim.
